

# Sittin' Sidewayz

## Paul Wall

Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze  
It's the people's champ  
I'm something like a baller  
The candy paint dripping off  
Of the old school Impala  
I'm with that Big Bank Hank  
That Poppi Joe and Box  
Trunk bump like chicken pox  
Turn the bass up just a notch  
You see them blades choppin'  
You see that trunk poppin'  
Ho's that diss me in the club  
The same ho's in the parking lot boppin'  
They see me in the Jag  
Acting bad with T Ferris  
Open mouth and showcase ice  
And you gon' see about 20 karats  
I'm what they do  
You on 5-9 double O  
In the Tahoe on 24's  
I'm the truth, I got that glow  
I'm out that Swisha House  
With Archie Lee and Couda Bang  
Sittin' sideways on swang  
The candy paint dripping off the frame  
You see me acting bad  
I'm showing out and pulling stunts  
Say cheese and show my fronts  
It's more carrots than Bugs Bunny's lunch  
It's Paul Wall, baby  
I got it made  
I got a cup full of that oil  
And I'm paid plus I'm sittin' sideways  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze  
What it do, I'm on the block  
Posted up like a mailbox  
Slanging licks on the grind  
Putting money in my socks  
A legend in the hood

For gold grills and poppin' seals  
A icon on the mic  
For showcasing my verbal skills I'm in the club posted up  
With some gang bangers  
Still flipping the old school  
Candy Cadillac on swangers I got a Styrofoam  
White cup full of that drank  
Looking for that dank  
My hustle game sharp as a shank Big bank take little bank  
84's and candy paint  
Trying to find some Honey Love  
My making game is top rank These ho's peeping me  
Ill hustling on the side  
Eavesdropping my conversation  
Trying to figure which car I drive I'm on the scene strapped up  
Like I was bungee jumping  
Hit the corner you hear me bumping  
Look at that cold grill and woman The trunks popped up  
My music screwed and chopped  
I'm the undisputed king of the parking lot  
I'm sittin' sideways Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
On a Sunday night I might bang me some maze Maybe O.J's  
Ho's be going crazy when they see me  
Sittin' sideways on them 24's  
Watch ya ho, watch ya money, watch ya clothes Single women's out the mold  
Glidin' like a ice skater  
Motor like a snot nose Suicide drop doors  
Mono blocks, chop mold  
Customized deck  
'Cause the mono block stock lows Sensei, Don Key, Paul Wall in the place  
Heads up when you see us  
We gon' put it in ya face  
[Incomprehensible] scoutin' together when I blaze  
Boys smell lemon haze I ain't the nigga to settle  
I'm that dude with the metal  
That get hot as a kettle  
From messing 'round with some cat  
That ain't got it together Flossing, breaking of the intersection  
Crossing three-wheelin' acting a iz-ass on them Bosses  
S.U.C. in the door, M.O.B. on the place  
Pull up in the driveway leanin' and I'm sittin' Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze  
Sittin' sideways, boys in a daze

On a Sunday night I might bang me some maze
