

# Self-Fulfilling (feat. India.Arie)

## Beady Belle

Talk of guardian spirits  
And you'll have a premonition  
Proclaim the good creed  
And you'll raise superstitionTalk of food  
And you'll crave appetizing flavours  
Spread out illusions and you will find flavourTalk of angels and you'll hear the flutter of wings  
Talk of the devil and he appears  
Talk of sunshine and a summer day begins  
Play the music and you'll be all ears  
Talk of heaven  
And you'll find reasons to enjoy  
Talk of havoc  
And you'll be encouraged to destroyTalk of over-consumption  
And you'll go on a splurge  
Give cause for alarm  
And danger will emerge  
Mutual inspiration  
And appreciation  
Leads to invitation  
To collaboration  
Could this be a consequence of pure coincidence  
Self-fulfilling prophecy or divine providence
