

# Pressure

## Jonathan McReynolds

I can't even turn on my phone  
without be reminded of lack  
that I'm alone and broken and unsuccessful I can't always talk to my friends  
Cuz' they've got expectation  
that I may or may not be living up to my? I really need rid myself  
Of the pressure, pressure, pressure  
to be someone else  
that the world has made Jesus take from me  
all the pressure, pressure, pressure  
to be someone else  
you did not create  
Help me, be me,  
and only, see you,  
let me decrease  
and glorify you Help me  
I thought my intentions were good  
just act like a christian should  
and hope someone watching would approve of me  
In spite of your word If you're not feeling my show?  
Than how far could I go  
before all of my accomplishments  
going down in fire Just because of the  
pressure, pressure, pressure  
to be someone else the church has made  
Jesus take from me  
all the pressure, pressure, pressure  
to be someone else that you did not create Help me, be me,  
and only, see you,  
let me decrease  
and glorify you Help me, be me,  
and only, see you,  
let me decrease  
and glorify you Help me, be me,  
and only, see you,  
let me decrease  
and glorify you I just wanna live, I just wanna live for you  
nobody else but you  
I just wanna live, I just wanna live for you  
nobody else but you  
I just wanna live, I just wanna live for you  
nobody else but you
