

# I Got This

## Big K.R.I.T.

I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
Big backyard with a house on the hill  
Old school whip with some big ass rims Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Well, I suppose niggas gon' hate on me  
Well, that's cool  
I got shows, getting money I can barely fold  
'Cause that's what I do And ain't nobody gon' pimp K-R-I-T  
Yeah, that's how I feel  
And them diamond niggas always rhyming 'bout  
It's against my will And ain't nobody gon' check none of me or mine  
In God I trust  
If you think I'm out here tricking these hoes  
You got me fucked up And ain't no playing in the south, turn a bad bitch out  
When I grab my pipes  
Y'all niggas think this shit came oh so easy  
It wasn't over night, but  
I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
Big backyard with a house on the hill  
Old school whip with some big ass rims Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Now I suppose I'm doing quite alright  
Ever since I blew  
Never worry about me or worry about mine player  
Worry about you And ain't nobody gon' block my shine today  
With the roof gone  
I got a top notch bitch, you need something like this  
But you gotta get your own And ain't nobody gon' wreck this hard  
When I'm traveling down the boulevard

Now they hollering out, "Oh, my God"  
'Cause they never seen rims this large That's country shit  
Well, that's cool 'cause I'm country, bitch  
I never turn my back, I burn on wax  
And stack my cash 'til I'm country rich, 'cause I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
Big backyard with a house on the hill  
Old school whip with some big ass rims Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes I got this here, I got this here  
Chevy's on that chrome  
Living in my zone  
'Til a player gone I got this here, I got this here  
Doing it how I feel  
Doors open for hoes  
Haters in my grill I got this here, I got this here  
Diamond in the back  
Slamming on these doors  
Trunk beat 'til it crack I got this here, I got this here  
Get it how I live  
Smoking on that good  
Cracking on my seal I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
I got this here, I got this here, nigga I got this here  
Big backyard with a house on the hill  
Old school whip with some big ass rims Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes  
Fuck these haters and fuck these hoes
