

# Beautiful

## 10 Years

Beauty over wisdom to fit in with their styles  
Cinderella stories for a price  
Vanity's a business built to fleece the unique  
Silicone and stars collide, the rest will fall in line  
Just as beautiful as you are  
It's so pitiful what you are  
You should have see this coming  
All along  
Visually you're stimulating to my eyes  
Cinderella syndrome, full of lies  
Your insecurities are concealed by your pride  
Pretty soon your ego will, kill what's left inside  
Just as beautiful as you are  
It's so pitiful what you are  
You should have seen this coming  
All along  
You're everything that's so typical  
Maybe you're alone for a reason,  
You're the reason  
So pitiful is what you are,  
You should have seen this coming all along,  
Just as beautiful as you are,  
It's so pitiful what you are,  
You should have seen this coming all along  
It's so pitiful what you are,  
As beautiful as you are  
You should have seen this coming  
All along
