

# Holly

## Republica

Marilyn baby, wants to be a pop star  
She's seventeen, and very unhappy  
Frankie baby, used to be a big fish  
He's ethnic boy and ain't got no money  
And Holly wouldn't be so precious  
If the beach bum beauties  
Weren't so delicious in Hollywood  
Who cares anyway?  
Who really cares anyway?  
Who cares anyway?  
Who really cares anyway?  
Frankie baby, sees punks on the sidewalk  
Freaks on the freeway  
Someone blows a kid away  
Have a nice day  
Sweet sweet Marilyn  
A streetwise heroine  
A tricks, a fix, a fix, a tricks, a fix, a fix  
She'll do anything  
And Holly wouldn't be so tragic  
When everybody trips the light fantastic  
In Hollywood  
Who cares anyway? Who really cares anyway?  
Who cares anyway? Who really cares anyway?  
In the Hollywood bowl of serial killers  
Who cares anyway?  
Holly don't give a damn  
Holly don't give a damn  
Who cares anyway? Who really cares anyway?  
Who cares anyway? Who really cares anyway?  
In the Hollywood bowl of serial killers
