

Honey

Robyn

[Intro]

No, you're not gonna get what you need

Baby, I have what you want

Come get your honey

No, you're not gonna get what you need

But baby, I have what you want

Come get your honey

I got your honey, baby[Verse 1]

Every colour and every taste

Every breath that whispers your name

It's like emeralds on the pavement

Every colour and every taste

Every breath that whispers your name

It's like emeralds on the pavement

I got your honey, baby

At the heart of some kind of flower

Stuck in glitter, strands of saliva

Won't you get me right where the hurt is?

At the heart of some kind of flower

Stuck in glitter, strands of saliva

Won't you get me right where the hurt is?

[Pre-Chorus]

And the waves come in and they're golden

But down in the deep the honey is sweeter

(Ooh, it is sweeter, baby)

And the sun sets on the water

But down in the deep the current is stronger

Oh, yeah[Chorus]

No, you're not gonna get what you need

But baby, I have what you want

Come get your honey

No, you're not gonna get what you need (you need)

Baby, I have what you want (what you want)

Come get your honey

I got your honey, baby

[Verse 2]

Can you open up to the pleasure?

Suck it up inside like a treasure

Let the brighter place be your passion

Can you open up to the pleasure?

Suck it up inside like a treasure

Let the brighter place be your passion

I got your honey, baby
Let go of your doubt, say yes
Let it soak up into the flesh
Never had this kind of nutrition
Let go of your doubts, say yes
Let it soak up into the flesh
Never had this kind of nutrition[Pre-Chorus]
And the waves come in and they're golden
But down in the deep the honey is sweeter (sweeter, yeah, yeah)
And the sun sets on the water
But down in the deep the current is stronger (deep, baby)
Ooh, it's stronger[Chorus]
No, you're not gonna get what you need
Baby, I have what you want
Come get your honey (I have what you want)
No, you're not gonna get what you need (get what you need)
Baby, I have what you want (what you want)
Come get your honey, baby (I have what you want)
No, you're not gonna get what you need (get what you need)
But I have what you want
And you know that I got it for you, baby
Baby, I have what you want
Ooh, come get your honey, baby
Baby, I have what you want
Come get it, baby
