

You Are Everything

Dru Hill

Can I play for you baby
Ey yo Woody help me out
Ey yo Jazz you chill for a minute
Nokia come on
You like that i'll sing a song 4 you
Last night we had an argument
Afterwards I'm feelin pretty bent
Then I took a drink and I didn't think
What was in store for me
So I wrote a letter
Dropped it on the bedroom floor
I never felt this way before
So I grabbed my coat and closed the door
Baby I'm sorry
Baby I'm sorry
Sorry for what I've done
Will you forgive me
Will you forgive me
And let me be your only one
Cause you are
You are everything
I would give you anything
Sorry for what I've done
Wanna be your only one
Girl I apologize
For all the tears that made you cry
Sorry for what I've done
Wanna be your only one
Sing it Jazz
Girl I apologize for all the tears and all the lies
And if by chance just one more chance
I swear I'll be the epitome of a good man
Baby I'm sorry
Sorry for what I've done
Will you forgive me
Will you forgive me
And let me be your only one
Cause you are
You are everything
I would give you anything
Sorry for what I've done
Wanna be your only one
Girl I apologize
For all the tears that made you cry
Sorry for what I've done
Wanna be your only one
You are every thing
And every thing is you
You are every thing

Girl your every thing I do You are everything
I would give you anything
Sorry for what I've done
Wanna be your only one Girl I apologize
For all the tears that made you cry
Sorry for what I've done
Wanna be your only one
