

Drive

Dispatch

Daddy I want to fly today
I wanna get up and go
wanna find some time
Mama I hear what you're sayin'
I wanna feel alive and get inside hey I wanna drive
I'm alright if you're alright
hey I wanna drive
I'm alright if you're alright
tell me what to think
it's been years since we've been
flyin'
show me what you're seein'
I wanna feel alive wanna take this
drive hey I wanna drive
I'm alright if you're alright
hey I wanna drive
I'm alright if you're alright
hey I wanna drive
I'm alright if you're alright
hey I wanna drive
I'm alright if you're alright
you're alright
