

# Ja Rule & Ashanti

## Tyga

I'm not always there when you call  
Uh, lil mami, lil mami, I'm down for you, I'm down for you  
Ja Rule, Ashanti, where you want me, you got me  
She's rockin' my hoodie, do you know how big this could be?  
This could be everything, in Hollywood, where they say anything  
Gone on the brown, sippin' on the Foxy  
I was swerved off tequila  
Asking for you number, slurrin'  
Don't curve me, your hips, your thighs  
I told them other hoes, yeah, bye bye  
When you cry, I cry, you're mine, mine, mine  
Mine, mine, mine, mine  
Lil mami, got me foolish, Ashanti  
Tell 'em what we gon' do if they move, plotty  
Come from under the Tommy, bustin' the Tommy  
That Masi' don't ride smooth as you  
That 'Rari don't move smooth as you  
My heart beats in tune with you  
Every afternoon, you the noon it to  
Lil mami, lil mami, I'm down for you, I'm down for you  
Ja Rule, Ashanti, where you want me, you got me  
She's rockin' my hoodie, do you know how big this could be?  
This could be everything, in Hollywood, where they say anything  
Gone on the brown, sippin' on the Foxy  
I was swerved off tequila  
Askin' for you number, slurrin'  
Don't curve me  
Lil mami, lil mami, don't curve me  
Lil mami, lil mami, don't curve me  
What would I be without my baby?  
The thought alone might, uh, all alone I might, uh  
I bought a home, wait, it's not a home 'til I, hold up  
Yeah, and the Lambo ain't as fun without you holdin' on  
'Cause I can't deny it, you a straight rider  
Fire and desire, the temperature's risin', keep it low, uh, low  
Down for me, down for me, yeah, hold it in  
You done got it out for me but they 'bout to see  
Lil mami, lil mami, I'm down for you, I'm down  
for you  
Ja Rule, Ashanti, where you want me, you got me  
She's rockin' my hoodie, do you know how big this could be?  
This could be everything, in Hollywood, where they say anything  
Gone on the brown, sippin' on the Foxy  
I was swerved off tequila  
Asking for you number, slurrin'

Don't curve me  
Lil mami, lil mami, don't curve me  
Lil mami, lil mami, don't curve me
