

Western Playland

Holy Wave

Be my lucky star
I wanna see you shining all around me tonight
Feed me with your charms
We can leave our pasts and our tomorrows behind
I've been kicked out by doo,
by doo-wop sisters
Take me to your car
We can put all the valentines and vino
Take me to your heart
We can leave our loneliness and freedom behind
I've been kicked out by doo,
by doo-wop sisters
