## Guster

Ramona where have you been?  
I couldn't go to sleep 'til you came in  
Ramona you're Miss Oklahoma and you  
Miss Oklahoma  
I'll get you what you want Cause there were days when a refrain  
Would brighten our corner of Hickory Lane  
When you would sing that song for me  
Just like your favorite singer  
Why'd you have to be so nice?  
A wink and a girlie smile  
And why'd you have to punch my eye?  
That was something  
But did you want me to stay? When I was younger and thought of myself  
I never dreamed I'd become like this  
A snap of your fingers an end to the arguments  
Anything for you, love  
Cause there were days when a refrain  
Would brighten our corner of Hickory Lane  
When you would sing that song for me  
The only one you know  
But I know now, not at the start  
We're going to pieces we're falling apart  
So come and sing that song for me  
Just like your favorite singer?
