

Let Me Take You Home Tonight

Boston

Now I'm not like this
I'm really kinda shy
But I get this feelin whenever you walk by
I dont wanna doubt you
I wanna make you high
If you could see a way to me
C'mon and let me try
Chorus:
Let me take you home tonight
Mama now it's alright
Let me take you home tonight
I'll show you sweet delight
You must understand this
I've watched you for so long
That I feel I've know you
I know it can't be wrong
If we just get together
I want to make you see
I'm dreamin of your sweet love tonight
So mama let it be
Let me take you home tonight
Mama now it's alright
Let me take you home tonight
I'll show you sweet delight
I don't wanna make excuses
I don't wanna lie
I just gotta get loose
With you tonight
Let me take you home tonight
Mama now it's alright
Let me take you home tonight
I'll show you sweet delight
I don't wanna make excuses
I don't wanna lie
I just gotta get loose
With you tonight
I don't wanna doubt you
I wanna make you high
And I get this feelin' whenever you walk by
If we just get together
I want to make you see
I'm dreamin' of your sweet love tonight
So mama let it be
Let me take you home tonight
Mama, now it's alright
Let me take you home tonight
I'll show you sweet delight
I wanna show your sweet delight
Show your sweet delight

Pretty mama
Wanna show your sweet delight Let me take you home tonight (x10)
