

The Silence of Crows

Balzac

Go! I just see another day
Someone to see over tomorrow
You must see yesterday
I know what you did last day The silence of crows
The art of dying
I'm walking the other way
I don't care nothing changin' tomorrow
Kuzure ochi yuku gensoo no kagiri
(*The illusion's shadow goes to destroy the calm*)
Sozo sareta futashikana kozo
(*Uncertain structures are created*)
ume tsuku sareta hikari no naka ni ha
(*In the light, it starts to bury*)
(It is over!) The silence of crow
No reason why 'Cuz just is
(No reason why!) (x6) So! The silence of crows I just see another day
Someone to see over tomorrow
You must see yesterday
I know what you did last night
The silence of crows
The art of dying
I'm walking the other way
I don't care nothing changin' tomorrow Tojikomerareta gensoo mo kageri
(*Confined illusion and shadows*)
Sugi saru kao ha futashikana shoozoo
(*Unsure images passing by my face*)
Kizamikomareta ikari no hate ni ha
(*Cut the anger's end*)
(It is over) The silence of crow
No reason why 'Cuz just is
(No reason why!) (x6)
