

Where Do We Go from Here?

Ruelle

Like waking up from a fantasy
In all that's left is you and me
We're invincible in a violet sea
Dare to move
Dare to believe Where do we go from here
Where do we go from here
How do we find our wings
How do you breathe without dreams
Where do we go from here
From here, from here In the changing wind, it echoes deep
Wearing thin the heart beneath
There's no place to call our own
Like a drifting haze we roam
Where do we go from here
Where do we go from here
How do we find our wings
How do you breathe without dreams
Where do we go from here
From here
From here
From here
From here
