

# Out of the Cold

Amos Lee

It's hard to argue with a bulletproof vest,  
'Cause you can't walk straight with a bull in your chest,  
Another man down with a flag to fold,  
Yeah, it takes a lot of lovin' comin' out of the cold. Two tours served never once has he cried,  
The same can't be said for his brand new bride,  
Bills pile up with no hand to hold, Yeah, it takes a lot of lovin' comin' out of cold,  
Yeah, It takes a lot of lovin' comin' out of cold, Mmmm, mmm, mmm. Looking at the pictures  
up on the shelf,  
He feels a mere shadow of himself,  
22 years still he feels so old,  
It takes a lot of lovin' comin' out of cold,  
It takes a lot of lovin' comin' out of cold,  
It takes a lot of lovin' comin' out of cold,  
It takes a lot of lovin' comin' out of cold.
