

# Eon (Drivepilot Remix)

## Celldweller

I'm pushing through facedown  
I'm pacing inside this empty room  
Told to wait til my life's withdrawn  
Uneasy, I'm waiting here anxiously  
It's a waste and I won't wait another Eon  
    Endless night  
    Long for light  
    My head against this tomb  
    And pushing through  
    I'm pushing through  
    Facedown and pushing through  
    Trapped and isolated  
    Time is dislocated  
Eternity is what a moment seems  
    When I can't feel anything  
    Erasing my final memories  
They won't stop til my whole life's gone  
    Uneasy, I wait for normality  
It's a waste and I won't wait another Eon  
    When life is gone without a trace  
    And hope is lost in time's embrace  
I won't wait or hesitate; I'm pushing through facedown  
    I won't wait or hesitate; I'm pushing through...  
    If time's a song, I won't wait for its reprise  
    I am done wishing farewells and goodbyes  
    I won't let this place overshadow my birthright  
    I won't wait another Eon  
Impatiently, I'm cutting through the earth in front of me  
    Bone on stone, blood and sweat married  
Can't hear the voice that whispers fears when my heart is pounding in my ears  
    All I see in my mind is not what I've left behind  
    But all the things I've been missing in that lost Eon  
    Trapped and isolated  
    Time is dislocated  
    Eternity is what a moment seems  
    When I am lost inside this dream  
    When I can't speak and I can't scream  
    And I can't feel anything
