

# Raise the Dead

## Phantom Planet

Go on and pull yourself up  
We climb we climb we climb we climb  
Down there they'll get you down there  
Again and again forever and everGo on and give it a tug  
Go on pull up I know it's tough  
Down there is deeper than deep  
That hole is so steep and things are heavierHear it now the night is calling us  
Wave your hands and summon the spirits up  
Tonight, tonight, tonight  
We raise the dead!  
The dark is plaguing our hearts  
Pumping through us and collecting in our deepest parts  
Down there it's dripping like tar  
Well it's stuck to your arms  
And it's sticking to you too longThis time is higher than high  
Something lurking in your shadows  
And it's trying too hide  
Oh no! We want it alive!  
Trick it out trick it out trick it out of your insidesHear it now the night is calling us  
Wave your hands and summon the spirits up  
Tonight, tonight, tonight  
We raise the dead!All our friends have met their ends  
And father demons tonight  
Go on and pull yourself up up up  
Go on pull up, I know it's tough  
Down there they get you down there  
Again and again forever and everHear it now the night is calling us  
Wave your hands and summon the spirits up  
Tonight, tonight, tonight  
Tonight, tonight, tonight  
We raise the dead!We're all together now!  
We're all together now!
