

Sir Isaac Nukem

Holy Wave

Well hey, my bomb, did it look strange
Yeah hey, my bomb, did it look strange
Why you gotta look at me that way, my friend
Why you gotta look at me that way again, I can play Well hey, my friend, didn't I see
Yeah hey, my friend, didn't I see
Why you gotta look at me that way, my friend
Why you gotta look at me that way again, I can play
I want your halo
I want your halo
(Your halo)
Well hey, it's me, me again
I guess it's nice like they say
Why you gotta look at me that way again
Why you gotta look at me that way my friend, I can play
I want your halo
I need your halo
