

# I Will Fail You

## Demon Hunter

These quiet words, they carry me away  
Returning, they keep coming back  
In idle thoughts and hollow cut-away  
Disarm me, no will to attack Though the sorrow and fear  
They may depart you today  
I will fail you, Of that I'm sure  
I will remind you of the pain forevermore  
And when my sins are just a memory  
Faith restored  
I will fail you to the core  
Lost in the shadow of an endless grace  
Relentless, my reign is unbound  
In this abandon I will devastate  
Dismember till agony's found Though the sorrow and fear  
They may depart you today  
I will fail you, Of that I'm sure  
I will remind you of the pain forevermore  
And when my sins are just a memory  
Faith restored  
I will fail you to the core I know they prey upon me  
I feel them just beyond my door  
I will fail you, Of that I'm sure  
I will remind you of the pain forevermore  
And when my sins are just a memory  
Faith restored  
I will fail you to the core  
I will fail you, Of that I'm sure  
I will remind you of the pain forevermore  
And when my sins are just a memory  
Faith restored  
I will fail you to the core
