

# Creeping Out Sara

## NOFX

I was backstage at a festival in Germany  
talking to a cute, fair-skinned brunette  
I asked her if she wanted to have a beer and if she liked our set  
I noticed that her hair was longer in the back  
I figure that's 'cause she's Canadian  
That's why I was surprised when she told me she was fully lesbian That's when I realized it was  
Sara  
Or maybe it was Tegan  
I'm pretty sure that it was Sara  
'Cause Johnny Sampson said she was the cooler one I told her I was a big fan of her band  
She asked me if I had a favorite song  
I admitted that I'd never actually heard them, but I like k.d. lang  
I told her this Jew knows about the Junos  
And how they got robbed three times in a row  
And then I asked her if she knew of anyone who was selling pills or blow  
That's when I crept out Sara  
Or maybe I just pissed her  
Off when I asked her if her sister  
And her had ever had a threesome  
Where they both ganged up one girl  
A forgy or a fivesome  
Do they think strap-ons are groovy  
And had they ever seen the movie  
Bound and did they like Jennifer Tilly  
Did they like Jennifer Tilly Sara said she  
Preferred Gina Gershon  
Angelina Jolie  
In the Gia movie  
That was on HBO  
And If These Walls Could Talk  
Made Tegan cry a lot  
After that I forgot what she said  
That's the problem with diazepam  
So many things I don't remember  
But I've got a sinking feeling  
It's not that I'm a clair-  
-voyant but I think I crept out Sara  
I was creeping out on Sara  
I hope it wasn't Tegan  
'Cause Skiba said she is the cooler one
