

Underwater (feat. Dillon Francis)

Meghan Trainor

I need you to move
Show me how to move
When my world starts burnin' down I need ya
Put me in a mood
Put me in a mood
With you, I'm finally breathin' easy, yeah We divin' deeper
Way down, way down deeper
We divin' deeper
I ain't afraid to drown with you
We divin' deeper
Way down, way down deeper
We divin' deeper
I ain't afraid to drown with you
Let gravity pull harder
We'll go underwater
Baby, dance with me under the waves
Weightless and unbothered
We'll go underwater
Baby, dance with me under the waves I need you to move
Show me how to move
When my world starts burnin' down I need ya
Put me in a mood
Put me in a mood
With you, I'm finally breathin' easy, yeah
We divin' deeper
Way down, way down deeper
We divin' deeper
I ain't afraid to drown with you
We divin' deeper
Way down, way down deeper
We divin' deeper
I ain't afraid to drown with you Let gravity pull harder
We'll go underwater
Baby, dance with me under the waves
Weightless and unbothered
We'll go underwater
Baby, dance with me under the waves We divin' deeper
Way down, way down deeper
We divin' deeper
I ain't afraid to drown with you
We divin' deeper
Way down, way down deeper

We divin' deeper
I ain't afraid to drown with you
