

# I Want You to Stay

Marsha Ambrosius

Stay baby, yeah  
You know I want you to stay oh baby  
Oh I will love you to stay baby  
Look into my eyes say these tears I cried for you. I can't take this... baby  
This heartache of mine, oh why?  
Ohh, wish that I could find a way baby  
But I need your love, you don't love me anymore  
Don't be... go away I will give you anything  
Baby is you that I adore, please baby take my hand  
I will show you the way  
'Cause you know, you know I want you to stay oh baby  
Oh I will love you to stay baby  
You know I want you to stay oh baby  
Ohh look into my eyes, see these tears I cry, cry  
Be yours baby. Cry, cry, cry, cry  
Takes me back to... fellin'  
You know that it feels like...  
I said something I didn't mean it  
It's... enough 'cause you don't love me anymore  
Don't be... I will give you anything  
It is you that I adore, please baby take my hand  
I will show you the way  
'Cause you know, you know I want you to stay oh baby  
Oh I will love you to stay baby  
You know I want you to stay oh baby  
Ohh look into my eyes, see these tears I cry, cry  
Yeah baby, yeah baby, cry baby, cry baby, cry, cry baby  
Cry baby, cry yeah  
Be you baby, cry, ohh why?  
Ohh why? I cry, oh why?  
Cry.
