

I Want You to Stay

Marsha Ambrosius

Stay baby, yeah
You know I want you to stay oh baby
Oh I will love you to stay baby
Look into my eyes say these tears I cried for you. I can't take this... baby
This heartache of mine, oh why?
Ohh, wish that I could find a way baby
But I need your love, you don't love me anymore
Don't be... go away I will give you anything
Baby is you that I adore, please baby take my hand
I will show you the way
'Cause you know, you know I want you to stay oh baby
Oh I will love you to stay baby
You know I want you to stay oh baby
Ohh look into my eyes, see these tears I cry, cry
Be yours baby. Cry, cry, cry, cry
Takes me back to... fellin'
You know that it feels like...
I said something I didn't mean it
It's... enough 'cause you don't love me anymore
Don't be... I will give you anything
It is you that I adore, please baby take my hand
I will show you the way
'Cause you know, you know I want you to stay oh baby
Oh I will love you to stay baby
You know I want you to stay oh baby
Ohh look into my eyes, see these tears I cry, cry
Yeah baby, yeah baby, cry baby, cry baby, cry, cry baby
Cry baby, cry yeah
Be you baby, cry, ohh why?
Ohh why? I cry, oh why?
Cry.
