

Do You

Jessie James Decker

Play "Do You" on Amazon Music "Do You" I drive
Hop in my car and drive your way
Goodnight
I got some things that I need to say
Cause I
Can't read your mind when you don't talk to me
Baby talk to me, talk to me
Cause I've been patient
Cause I don't wanna be that girl that gets all desperate
Yeah
Do you love me, do you love me
Do you love me like I do?
Can you feel it, can you feel it
When my body's next to you?
Baby just whisper in my ear
Tell me those words you need to hear
Do you love me, do you love me
Cause I'm standing right here
Do you? Yeah...I know
You've been hurt but so have I
So don't
Let it get in the way cause it feels so
Let go
Cause what we got is ours tonight
Lets take tonight, take tonight
Cause I've been patient
Cause I don't wanna be that girl that gets all desperate
Yeah
Do you love me, do you love me
Do you love me like I do?
Can you feel it, can you feel it
When my body's next to you?
Baby just whisper in my ear
Tell me those words you need to hear
Do you love me, do you love me
Cause I'm standing right here
Do you? Yeah...Cause I've been patient
Don't wanna be that girl that gets so desperate
Yeah Do you love me, do you love me
Do you love me like I do?
Can you feel it, can you feel it
When my body's next to you?

Baby just whisper in my ear
Tell me those words I need to hear
Do you love me, do you love me
Cause I'm standing right here
Do you? Yeah...
