

Just Because

Ginuwine

Just because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a player like me, could treat
you like a lady ... Just BecauseHearing my name every other day,
people gonna say what they wanna say
But they don't really know me babe,
hate on me 'cause a brother paid
Only known you for a short time, things that you're
hearing weighing on my mind
If you feel me, here's what I suggest, let
me put your fears to rest
Baby I admit it, (I used to), hit it and
I quit it
(But I' trying to), learn to be committed, to
you and only, I'm your manJust because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a playa like me, could treat
you like a lady ... Just BecauseI can understand why you're insecure, doing
all I can just to reassure
Seeing all these women at my stage door, screaming
'G' is the one that we're here for
I know if we go by my history, this might be
hard to believe
But they don't mean a thing to me, I am
still the same ol' 'G'
Baby I admit it, (I used to), hit it and
I quit it
(But I' trying to), learn to be committed, to
you and only, I'm your manJust because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a playa like me, could treat
you like a lady ... Just BecauseYou're the one I wanted, 'cause them
other chicks

Couldn't much on it, see you kept it real
So you're gonna get rewarded, no doubt,
I'm your man... check it outBaby I admit it, (I used to), hit it and
I quit it
(But I' trying to), learn to be committed, to
you and only, I'm your manOh, come here, babeJust because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a playa like me, could treat
you like a lady ... Just BecauseJust because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a playa like me, could treat
you like a lady ... Just BecauseJust because I'm all G'd up, doesn't
mean I'm out to cut
Just because, boo, I got game, doesn't
mean I'll forget your name
Because I push a 6, doesn't mean I'll ego trip
It's hard to believe a playa like me, could treat
you like a lady ... Just Because
