

# Immortals

## Hieroglyphics

"Hieroglyphics" Check it  
Free at last, free at last  
Now Hieroglyphics finna beat that ass if you a clown rapper  
The Upper Echelon we that class  
You sound whacker than ever were we could see that mask you rock  
But I'm an astronaut running this blasted rock  
Hieroglyphics scriptures it's a neverlasting plot  
Channeling spirits that learned from times older  
Turn your mind over burn your rhyme folder  
Words I say fly birds up rate high  
Up in the sky make the murder rate rise  
Killing shit feeling a villain with filaments  
For all of my villages and affiliates  
No more silliness  
So you rappers better kneel and kiss the ring  
And tell that bitch to get some Listerine  
Cause Pep Lava coach with lyrical liquid seeds  
Hiero ain't going no where  
We know the people love it plus a couple rappers scared oh yeah we like  
"This is all original" "y'know" {cut and scratched}  
Ain't no debating they be waiting on Hiero  
It took a little time before we drop 'em I know we like  
"Y'know" "this is all original" {cut and scratched}  
Hieroglyphics is a verb an action word  
We do this shit with Ferb, riding the track with spurs  
The territory's unknown, uncharted, unfazed by the fact  
We ain't know nothing bout it upon arrival  
Yet equipped for survival in the harshest of conditions  
We spark it for the listeners  
Inventions yet engines we've risen, no ending in the distance  
Told you this was only the beginning  
Aha y'all gon' fall the fuck out  
Talking with that tough mouth end up rubbed out  
Yeah young Dzl he's the eraser  
No chaser just stepped out the spaceship  
The mothership get you funkintelecky gift  
So you can catch a glimpse of the life that reveals the glitch  
You gon' feel exempt  
From all the confusion and chaos stacked at losers
