## **Electricity (The Micronauts Remix)**

## **Orchestral Manoeuvres In the Dark**

I want some, some energy The ultimate discovery Electric blue for me Never more to be freeElectricity Nuclear and H E B Come fuels from the sea Wasted electricityI want some, some energy Electricity All we need is to learn to save And if a man would throw awayIt doesn't change the city cost The alternative is only one The final source of energy Solar electricity Electricity, electricity Electricity, electricity Electricity
