

# Tiger Mountain Peasant Song

## Fleet Foxes

Wanderers, this morning came by  
Where did they go?  
Graceful in the morning light  
To banner fair  
To follow you softly in the cold mountain air  
Through the forest down to your grave  
Where the birds wait and the tall grasses wave  
They do not know you anymore  
More, more, more  
Dear shadow alive and well  
How can the body die?  
You tell me everything  
Anything true  
Into town, one morning I went  
Staggering through premonitions of my death  
I don't see  
Anybody that dear to me  
Dear shadow alive and well  
How can the body die?  
You tell me everything  
Anything true  
Jesse  
I don't know what I have done  
I'm turning myself to a demon  
I don't know what I have done  
I'm turning myself to a demon
