

# Alone

## Jodeci

verse 1:girl where is our child  
sent him to your mother's  
for a while  
all your friends are gone  
you know i sent them home  
girl i live for you  
so i don't give a fuck about the news  
so please turn off the t.v.  
and if you give a damn about me  
i wanna hear you moanchorus:let's be alone  
i wanna hear you moan  
let's be alone  
so we can get it on  
let's be alone  
verse 2:  
better than you and me  
better than a damn movie  
our love is so much fun  
let's do some freaky shit  
and then i'll make you cum  
nothing compares to us  
i love we have so much trust  
tell me can you see  
i was made for you and you for me  
i wanna hear you moan
