

# Love It If We Made It

## The 1975

We're fuckin in a car, shooting heroin  
Saying controversial things just for the hell of it  
Selling melanin and then suffocate the black men  
Start with misdemeanours and we'll make a business out of them  
And we can find out the information, access all the applications  
That are hardening positions based on miscommunication  
Oh! Fuck your feelings!  
Truth is only hear, say!  
We're just left to decay!  
Modernity has failed us And I'd love it if we made it  
Yes, I'd love it if we made it  
Yes, I'd love it if we made it  
Yes, I'd love it if we made it  
"And poison me, daddy"  
I got the Jones right through my bones  
Write it on a piece of stone  
A beach of drowning 3 year olds  
Rest in peace Lil Peep  
The poetry is in the streets  
Jesus save us! Modernity has failed us And I'd love it if we made it  
Yes, I'd love it if we made it  
Yes, I'd love it if we made it  
Yes, I'd love it if we made it And I'd love it if we made it  
And I'd love it if we made it  
And I'd love it if we made it  
I'd love it if we made it Tell me something I didn't know  
Consultation, degradation  
Fossil fuelling, masturbation  
Immigration, liberal kitsch  
Kneeling on a pitch "I moved on her like a bitch!"  
Excited to be indicted  
Unrequited house with seven pools  
"Thank you Kanye, very cool!"  
The war has been incited  
And guess what? You're all invited  
And you're famous, modernity has failed us And I'd love it if we made it  
And I'd love it if we made it  
And I'd love it if we made it  
Tell me something I didn't know  
And I'd love it if we made it  
And I'd love it if we made it  
And I'd love it if we made it

And I'd love it if we made it
