

Ciroc & Simply Lemonade (feat. Yo Gotti)

Nelly

Ciroc and simply lemonade I said that this Saturday night, we about to turn up
We about to get wasted on everything I love
Call all of my partners, said I'm getting the word we weedin
I told them meet at the same spot around the same time as last weekend Now I'm off to the
barber shop, I'm fresh and had lime and
Then to the carwash, I'm shinin that my line yea
Fresh from the mall we all, J's nothing but fine yea
Well we all big faced, I can see it's bout that time (Pre-)

What can I get you babe?
Ciroc and simply lemonade
What about the rest of yall?
Ciroc and simply lemonade!
What for your lady friend?
Ciroc and simply lemonade
I think I want some more
Ciroc and simply lemonade
How bout a little more?
Ciroc and simply lemonade
I really want some more

Ciroc and simply lemonade Now we the only ones in this club, DJ what's happenin?
What the fuck you waitin on? So go and play something ratchet
Riddle tell me they got it, Juicy J wussup?
Put Benjamins, put bands on
This drink will make her fuck Now these babes want each other, the 3-4 with a 5
Kissin one another, I hope we're next in line
I wait for my attender, I swear I don't mind
Then we know we all ready, got that Transporter outside
