

Ground Control (feat. Tegan and Sara)

All Time Low

Ground control
What do the books say about this one now?
I think we've lost it all
There's nothing to explain the distances any more
All systems are critical
Can't find my way back to you
Feels like there's nowhere to go-oh-oh
I'm just out here waiting for you to say Don't be afraid, no
If you start floating away
Hey!
I promise you that we will be fine and have
The universe on your side when
You're out in space
Don't you be afraid, no
If you start floating away
Hey!
I promise you that we will be fine and have
The universe on your side when
You're out in space
Don't you be afraid, no
If you start floating away
Checking in
300 days with no reply now
I think I've lost my mind
There's nothing keeping me from going outside any more
My systems are critical
Gotta find my way back to you
Feels like I'm drifting away while
Just out here wishing that you would say
Don't be afraid, no
If you start floating away
Hey!
I promise you that we will be fine and have
The universe on your side when
You're out in space
Don't you be afraid, no
If you start floating away
Hey!
I promise you that we will be fine and have
The universe on your side when
You're out in space
Don't you be afraid, no
If you start floating away
We gotta make contact to make it out
We gotta make contact to make it

We gotta make contact to make it out If you start floating away

Hey!

I promise you that we will be fine and have

The universe on your side when

You're out in space

Don't you be afraid, no

If you start floating away Hey!

I promise you that we will be fine and have

The universe on your side when

You're out in space

Don't you be afraid, no

If you start floating away Don't you be afraid, no
