

Floetry (feat. Kensei Abbot)

Ro Ransom

[Hook: Ro Ransom]

Bitches wanna take me home cause I got floetry
I just can't keep track of time with all these hoes on me
VVS my collarbone and now they notice me
These boys a joke to me I'm in the hood like I got dope on me [Verse 1: Ro Ransom]
They out here mixing shit be careful with that coca leaf
Boy these white girls in here racist dog I hope they leave
I might just go Kelis, I can put a hoe on freeze
I'ma ride the slope on skis, Head like I'm floating on E
Diamonds is loud in my ear... I'm bout to drown I can't hear
Tell Lady Gaga I'm ready, I need an Italian this year
My new girl Korean, body like she Caribbean
Money European, I'm the reborn Aaliyah
My teachers told me that I wouldn't be shit
Not Ms. Rosenberg she was on some G shit
They want that mystery well can you keep a secret
I can see the future when my tree is lit

[Hook: Ro Ransom]

Bitches wanna take me home cause I got floetry
I just can't keep track of time with all these hoes on me (phone)
VVS my collarbone and now they notice me
These boys a joke to me I'm in the hood like I got dope on me [Verse 2: Kensei Abbot]
Cut it up...Fuck it up
Your bitch she want me bad, I fucked it up
I'm getting lots of money now in the cut
I got a dosage in me now and I'm wet
I been smoking with the fiends dodging texts
She don't call it sex no more, I can't be in love
Boy you know the sun sets on everyone I touch
I can't love you back...I got hoes on deck
I put myself in a Porsche, smoking I'm smoking a torch
I fucked up, I'm sorry
What else do you want from me?
My bitch love me bad, my bad I got these hoes in bags
Told myself I'd leave myself inside my fucking bag

[Hook: Ro Ransom]

Bitches wanna take me home cause I got floetry
I just can't keep track of time with all these hoes on me
VVS my collarbone and now they notice me
These boys a joke to me I'm in the hood like I got dope on me
