

# NOIZE (feat. Tyler, The Creator)

## Jaden

Yeah, I'ma need that gold medal  
Matte black shit on a whip  
Hit 'em drums, nigga, ERY5 in the 6, with the wrist  
'Bout to swish, no assist, never miss with the Drip  
And I'm 'bout to go and do some shit, that to no one ever did I'm with the boys, making the noise  
This is the uh, Tesla toy  
We stackin' the toys, end of the story  
We already bored, smokin' a Port  
Niggas ignored us, flyin' it solo  
Gone in the mornin', you never know it  
I'm unemployed, but I'm on the block  
We 'bout to blow in it, we 'bout to part  
We the rascal, dead cam, punk kids  
Runnin' through the club, where the music hella pumpin'  
You don't want shit  
Tell them niggas start jumpin'  
At a warehouse party with the function  
And pull up with the bass, made the shit sound rusted  
Mace to the face, riot gears in the closet  
Keep the city safe, keep the babies out the moshpits  
Keep me out the party, 'cause I'm too psychotic, yeah  
(I'm with the boys, making the noise)  
Tell me you're sorry, I feel the same  
(I'm with the boys, making the noise)  
You gave me DMT, straight from your place  
(I'm with the boys, making the noise)  
We weren't nature, to marry again  
(I'm with the boys, making the noise)  
That's why it all feels like it's just the same I don't know  
I might pull up, with the gold  
Ready to go, ready to go  
Ready to go, ready to go  
We don't flex most trap shit  
Base with the backflip  
Scrape metal on the pavement, fuck fashion away  
Everyday, motivate, turn the masses, a bull-dice-shit  
Nigga this is a classic  
Woah (Woah)  
(I'm with the boys, making the noise)  
Tell me you're sorry, I feel the same  
(I'm with the boys, making the noise)  
You gave me DMT, straight from your place

(I'm with the boys, making the noise)  
We weren't nature, to They roll the dice, man okay  
Man I'm back in this shit, and I'm rappin'  
They day pushin' packs on the corner, countin' stacks  
Everyday got the wings in the Hills, like it's Batman, okay  
Fuckboys need to stop fuckin' rappin', okay Tell me you're sorry, I feel the same  
(I'm with the boys, making the noise)  
You gave me DMT, straight from your place  
(I'm with the boys, making the noise)  
We weren't nature, to marry again  
(I'm with the boys, making the noise)  
That's why it all feels like it's just the same (Ayo, Ayo) Jaden anything that you fuckin', kissin',  
lickin' and suckin'  
What they don't get, sarcasm, let's send it like orgasm  
I'm a nutcase baby, put a lock on that bitch  
You thinkin' I'm diggin' graves  
The way I'm puttin' rocks on my wrist? (No)  
Young T-man, taller when you see him (Woo)  
I'm all about them fruits and my greens, like a vegan (Wow, wow)  
Your talent couldn't put you on the spot, when niggas be in  
When I get that 20 bag, I swear to God that I be leavin'  
I might buy vanilla weave, I might buy some real estate  
I might buy Canary, taxi yellow, diamond glitter flick  
I might blow it all on somethin' stupid, wouldn't matter  
'Cause I did not sign a dummy fuckin' deal  
Like them, at the end of day  
Got my white stripes, this my icky thump  
Got my heart broke, moved to pick it up  
We the [?] shield, just like Nicki Buns  
Bitch I make it hard to breath, like bitch I kick the lung Let's go, let's go  
I was just on your side  
I didn't wanna die for you  
Girl I had to try  
I really wanna fly with you  
Sunset on our lives  
I really wanna try  
You been by my whole  
Yeah, yeah, yeah, yeah  
Ooh, yeah, yeah, yeah, yeah, yeah  
Let's go
