

# Evil Eye

## Franz Ferdinand

What's the color of the next car?,  
(Red you bastard) Yeah red you bastard  
Don't believe in god don't believe in that shit  
Not me!  
I'd like to bring them down  
Not me!  
Some fool who dumb, dumb do  
Not! Not! Not me! Some people get a freak outta me  
Some people can't see what I can see  
Some people wanna see what I see  
Some people put an evil eye on me Well I have the evil eye  
Well I see your soul  
You wear it on your face  
and its worn and what you're doing?  
What the colour of your next car?  
Red you bastard (Red you bastard)  
I don't believe in God but believe in this shit  
Not me  
I like to bring them down  
Not me  
Some fool who dumb dumb do  
Not! Not! Not me! Some people get a freak outta me  
Some people can't see what I can see  
Some people wanna see what I see  
Some people put an evil eye on me It looks so gleam but I cant see  
The corner crawling creatures  
Suspended in solution  
No, no there's no solution  
Some people wanna see what I see  
Some people put an evil eye on me Some people wanna see what I see  
Some people put an evil eye on me Some people wanna see what I see  
Some people put an evil eye on me Some people wanna see what I see  
Some people put an evil eye on me
