

Bobcat Tracks

Old Crow Medicine Show

Bobcat tracks in the snow
Tell me mister bobcat where is it that you go?
Down among the town that's in that valley below
Tell me mister bobcat where is it that you go? There's a horse on my trail begging a meal
Battin' in my hands they're so cold I can't feel
Tell me mister horse what is your deal
Yeah, yeah what is your deal Feral dog on my ride
Pissin' on the road's bush on this clear frozen night
Tell me mister dog, do you feel all right?
Do you feel all right?
Yeah
Do you feel all right? Bobcat tracks in the snow
Tell me mister bobcat where is it that you go?
Down among the town that's in that valley below
Tell me mister bobcat where is it that you go?
Where
Where is it that you go
Where
Yeah, Where is it that you go Tell me mister bobcat where is it that you go?
