## Hoodie Allen

I've been working hard to get this paper  
If you ain't been with me from the start then see you later  
I just throw my middle fingers up to all my haters  
You know we doing well, well (well)  
OK Did the work, put the time in  
Screech by I'm like Dustin Diamond  
Now I got girls all across the continent  
I ain't in a rush, homie, trust the process  
Lotta people mad that they don't live like this  
Buy anything I want, I don't look at prices  
Homie I'm a threat, do I look like ISIS?  
Nah, I don't need to resort to violence  
I'd rather kill them with kindness  
Taking trips with your girl to the Indian Islands  
And I bring her on tour, yo, I Nicki Minaj'd it  
I be reppin' New York like I play for the Giants  
But I root for the Jets 'cause I only fly private  
Never stressed out homie, Twenty One Pilots  
Tell me I'm the best, I don't gotta deny it  
Blowing up my phone, but I'm never replying  
'Cause

I've been working hard to get this paper  
If you ain't been with me from the start then see you later  
I just throw my middle fingers up to all my haters, you know we doing well, well (well)  
OK Oh you think you got it made  
Pull up in the Uber, it's a Escalade  
Out in California where they throwing shade  
'Cause I got that money rolling to me  
I got, I got that Sushi, Sushi  
Show up with no reservay  
We don't stand in line, you know we never wait  
Nobu, nobu, nobu homie grab a plate  
'Cause I got that money rolling to me  
I got, I got that Sushi, Sushi

Watching some movies, rolling up doobies in a black SUV  
Come through your college and I party harder than Jon Belushi  
Iced like a koozie, I got all these girls trying to rock my Jewelry  
So I never say sorry  
Tryna get three, yeah, call me Dan Majerle  
She got a friend, and her friend, got a friend, that's a party  
I don't follow trends, Ed Hardy

All American like a Harley  
Out in California that's gnarly  
Take you on a boat, Lil Yachty

'Cause I've been working hard to get this paper  
If you ain't been with me from the start then see you later
