

War Horn

Shakey Graves

Never robbed a bank I never stole a car
Never pumped no bullets into Johnny Law
Always payed my taxes always drove below the speed limit
In my home town Always had a girlfriend
Yeah I always had a job
Never drank no alcohol
Always flapped my jaw
Never raised a finger till I heard the lord
Blowin on his old war horn Always smoked them cigarettes
Yeah never smoked no dope
Always had an alibi
Yeah always had some hope
Never thought no evil could have settled down
In the people of my home town
Never met no witches no I never met no ghosts
Never sent no howlies to the fire below
Never carried weapons till I heard the lord
Blowin on his old war horn
