

# Modern Woman

## Dogs Die In Hot Cars

She has no trouble with passion and compassion  
Deciding everything will be fine  
She has her own life, her own life, she's telling you  
That's good enough  
For giving, for-for-forgiving  
For giving, for-for-forgiving Now look at him  
He was a handsome guy  
Now he's a pretty cute guy  
She says it's better he stopped being him  
21st century  
Venus via Mars  
There is no need for the barbershop  
We don't need guitars  
Modern woman's modern man  
They're showing us how  
We're losing c-c-c-control  
It's over now She really don't know what you're thinking, you're feeling  
Feeling it's getting, it's getting you down  
She has her own life, her own life, she's telling you  
That's hard enough  
For getting for-for-forgetting  
For getting, for-for-forgetting To look at him  
He was a handsome guy  
Now he's a pretty sweet guy  
She says it's better he stopped being him  
21st century  
Venus via Mars  
There is no need for the barbershop  
We don't need guitars  
Modern woman's modern man  
They're showing us how  
We're losing c-c-c-control  
It's over now Take a look in the mirror tonight  
There is something that never changes  
A face so beautiful if any face could be right  
This could be the image of man  
And the model for the world Ooh, look at him  
Does he look all right? 21st century  
Venus via Mars  
There is no need for the barbershop  
We don't need guitars  
Modern woman's modern man

They're showing us how  
We're losing c-c-c-c-c-c-c-control
