

# Corps of Corpses

## Hawthorne Heights

And all of the corpses  
Walk step by step  
To the rhythm of your once beating heart  
Over and over they march, on and on  
To the same old songs  
Trying to find something worth living for  
No more ghosts or memories to hold me back  
A fresh start is all I have ever asked  
I watch my body slowly turn from blue to black  
And on and on and on  
Some times it hurts the most to be who you are  
You can change your mind, you can't change your heart  
To find the end you gotta know where to start  
And on and on and on  
You said she is so evil but  
She looks like heaven to me  
I'd follow her to hell and back again  
I swear I'd sign my name in blood  
That dripped down from my veins  
I swore I'd never tell  
I know where to go as skyway stars align  
Point the blame, clear your name or just kill the time  
My dreams slowly turn, they turn to black and white  
They die, they die, they die  
You said she is so evil but  
She looks like heaven to me  
I'd follow her to hell and back again  
I swear I'd sign my name in blood  
That dripped down from my veins  
I swore I'd never tell  
And on, and on  
You said she is so evil but  
She looks like heaven to me  
I'd follow her to hell and back again  
I swear I'd sign my name in blood  
That dripped down from my veins  
I swore I'd never tell
