

Battery Acid

Queens of the Stone Age

Make you into dark
Straight into your heart
Sorry all you are
I don't really care I know you are
Robots, robots
Brainwashed babies, blood from a leech
Spoken rabies
Spastic, plastic, battery acid
Yank on the leash
Dragging you backwards
Oh my, closed eyes never see it coming
There's no thing you can say
You can't wish me away
Every masochist gets a turn
Sadistic twist, you'll never learn Battery acid
Battery acid Battery acid in my veins
Unidentified remains
Yes button broke to automatic
Irrational dosage of furious static Erasing what you are
You were (Jealous) To feel the way you do
(Dementia) The lie you call the truth
(Beautiful) Nothing except yourself, and nobody else
I got nobody else
There's no thing you can say
You can't wish me away
Every masochist gets a turn
Sadistic twist, you'll never learn Battery acid
Battery acid
