

# Jellyfish

## Local Natives

Love

I'm already ten steps ahead  
Took the wrong train and I fell  
Head over heels in a moment  
Then you're goneBlank stare  
If you're bored, you're boring  
Unaware  
Could I get a warning?Love  
I can see rain coming in  
Like jellyfish limbs from a distance  
Tired commuter heads sway and bow  
Praying to you  
Blank stare  
If you're bored, you're boring  
Unaware  
You could cure the lonely
