Waiting for the ufos waiting for the ufos

A d em

We are waiting for the ufos we know that they're there We're just a joke they sometimes crack,  
they'll get away with anything

The government is holding back, they won't say a word

Now is that a light in sky or just a spark in my heart?

Can I accept this as evidence or will that tear the whole act apart? Chorus

C a

Much more resounding my heart just stopped pounding for you Waiting for the ufos waiting for  
the ufos

We are waiting for the ufos waiting waiting Repeat chorus /pre>
