

Every Thought Is You

Kelly Rowland

[Verse 1]

I love it how we're chilling over conversation
I'm dealing with this feeling of infatuation
Pacing, don't wanna force the situation
Waiting for you to make a move, no hesitation
I'm thinking maybe this could turn into something more
I'm feeling you boy you got me open for sure
I'm hoping that the feelings are mutual
Trying to hold off coz I want you to know

[Chorus]

I'm addicted to you
When I see you
Wanna be with you
Everything you do
All I dream of
When I wake up
My every thought is you
I'm addicted to you
When I see you
Wanna be with you
Everything you do
I can't fight it
Coz I like it
My every thought is you

[Verse 2]

Now it's been a year and we're still together
Never getting old its only getting better
Treasure the love we share between us its a pleasure
If we have our differences we'll make it work whatever
Coz of you I'll never feel alone
Coz of you my house is now a home again
You're my inner peace fill my mind at ease
You're everything I want my man to be [Chorus]

I'm addicted to you
When I see you
Wanna be with you
Everything you do
All I dream of
When I wake up
My every thought is you
I'm addicted to you
When I see you

Wanna be with you
Everything you do
I can't fight it
Coz I like it
My every thought is you[Hook]
My every thought is you
I'm thinking about you
My every thought is you
(My every thought is you)
My every thought is you
I'm thinking about you
My every thought is
My every thought is you[Chorus]
I'm addicted to you
When I see you
Wanna be with you
Everything you do
All I dream of
When I wake up
My every thought is you
I'm addicted to you
When I see you
Wanna be with you
Everything you do
I can't fight it
Coz I like it
My every thought is you[Chorus]
I'm addicted to you
When I see you
Wanna be with you
Everything you do
All I dream of
When I wake up
My every thought is you
I'm addicted to you
When I see you
Want to be with you
Everything you do
I can't fight it
Coz I like it
My every thought is you[Hook]
My every thought is you
I'm thinking about you
My every thought is you
(My every thought is you)
My every thought is you
I'm thinking about you
My every thought is

My every thought is you
