

# We All Fall Down

## Cavo

Step out the door and it feels like rain  
That's the sound (that's the sound) on your window pane  
Take to the streets but you can't ignore  
That's the sound (that's the sound) you're waiting for  
If ever your world starts crashing down  
Whenever your world starts crashing down  
Whenever your world starts crashing down  
That's where you'll find me  
Yeah God love your soul and your aching bones  
Take a breath, take a step, meet me down below  
Everyone's the same  
our fingers to our toes  
We just can't get it right  
But we're on the road  
If ever your world starts crashing down  
Whenever your world starts crashing down  
Whenever your world starts crashing down  
That's when you find me.  
(Yeah) Lost till you're found  
Swim till you drown  
Know that we all fall down  
Love till you hate  
Strong till you break  
Know that we all fall down  
If ever your world starts crashing down  
Whenever your world starts crashing down  
If ever your world starts crashing down  
That's when you'll find (find) me  
Lost till you're found  
Swim till you drown  
Know that we all fall down  
Love till you hate  
Strong till you break  
Know that we all fall down  
All fall down, we all fall down, all fall down  
We all fall down, all fall down, all fall down  
Lost till you're found  
Swim till you drown  
Know that we all fall down  
Love till you hate  
Strong till you break  
Know that we all fall down
