

# Cameras / Good Ones Go Interlude

Drake

Word on road, it's the clique about to blow  
You ain't gotta run and tell nobody they already know  
We've been living on a high, they've been talking on a low  
But it's cool, know you heard it all before That's why I asked you are you me, are you me?  
Thought you knew about the team, (ay)  
That's why I asked you are you me, are you me?  
Thought you knew about the team, (ay) Are you me, are you me, what you know about the team  
Man these niggas need to stop it they be crowding up the scene  
Baby girl you need to stop it all that pride and self esteem  
Got you angry about this girl I'm with in all them magazines  
Baby she look like a star, but only on camera  
Only on camera, only on camera  
It look like we in love, but only on camera  
Only on camera, only on camera  
Don't listen to the lies, I swear they all lies  
You know I could be your knight in shining Armor All tires  
Trying to tell you I'm the one, come and holla at me  
Before I'm on the next thing, YMCMB (ah) Ooh finally got you right here,  
(Said I finally got my baby  
Tonight I'll ease your mind  
(Tonight I'll ease your mind)  
That's why I'm calling on you,  
(Why I'm calling on you)  
And ooh soft your loves desire  
(Soft your love)  
It's hard to stay away  
You keep me calling on you  
(Oh girl, you keep me calling on you)  
(Oh girl, you keep me calling on you)  
Are you me, are you me,  
Thought you knew about the team, (ay)  
Are you me, are you me,  
Thought you knew about the team, (ay) Are you me, are you me, what you know about the team  
You just know what you get told girl I see behind the scene  
She spilled whiskey on her shirt, she gonna have to get it cleaned  
She been going way too hard, someone has to intervene Baby she look like a star, but only on  
camera  
Only on camera, only on camera  
It might look like I care, but only on camera  
Only on camera, only on camera  
Don't listen to the lies, I swear they all lies  
You know I could be your knight in shining Armor All tires

Girl they love me like I'm Prince, like the new kid with the crown  
Bunch of underground kings, thought you knew how we get down (ah)Ooh finally got you right  
here,

(Said I finally got my baby)  
Tonight I'll ease your mind  
(Tonight I'll ease your mind)  
That's why I'm calling on you,  
(Why I'm calling on you)  
And ooh soft your loves desire  
(Soft your love)  
It's hard to stay away  
(Stay away)  
You keep me calling on you

(Oh, girl you keep me calling on you)Are you me, are you me, thought you knew about the  
team ay

Are you me, are you me, thought you knew about the team aySummer's mine

I swear I said about a hundred times, I'm gonna need it back

I wish that you would come and find me

Just to tell me that I haven't changed, girl I needed that from you

I'm getting money just taking care of me, girl

I'm spending time just taking care of me right now

I'm getting money just taking care of me, girl

Cause you'd be tired of taking care of me by now

But the good ones go

The good ones go, if you wait too long

But the good ones go

The good ones go, if you wait too long

So you should go

You should go, before you stay too long

Don't you go getting married, don't you go get engaged

I know you're getting older, don't have no time to waste

I shouldn't be much longer but you shouldn't have to wait

Can't lose you, can't help it, I'm so sorry, I'm so selfish

Uh, uh, I've been chilling in the city where the money's thrown high and the girls get down

In case you're starting to wonder why my new shit's sounding so H-town

But when it's all done, baby, I'm yours if you're still around

She knows, she knows, she knows

But the good ones go

The good ones go, if you wait too long

But the good ones go

The good ones go, if you wait too long

So you should go

You should go, before you stay too long
