## Strand of Oaks

I was riding in the basement  
Buying Cassios with my friend  
Then I found my dad's old tape-machine  
That sip the magic again I was lonely, I was havin' fun  
I was lonely, but I was having fun I don't wanna start all over again  
I don't wanna start all over again Singin' pumpkins in the mirror  
Pointin' mitfalls under my bed  
Before I was fat, a truncheon leaf  
Everything still had a head I was lonely, I was havin' fun  
I was lonely, but I was having fun  
I don't wanna start all over again  
I don't wanna start all over again
