

# Lucky

112

Let me tell you 'bout this number  
trust me it's bound to blow your mind  
Hey, there's about 3.7 billion girls treading round this world  
A player like myself can work them all just fine  
Then you came along and you changed the game on me  
Don't mind if I blow a ticket, 'cos I hit the lottery  
1, 4, 3 are the only numbers I see, yeah  
That means that I fell in love  
My homies kept telling me, telling me  
I'm so lucky, Lucky  
So lucky, so lucky  
Can't believe that I just found, just found, the one  
I just found the one, I'm so lucky, lucky  
So lucky, so lucky  
You can tell them other girls, other girls, i'm done  
That I'm so lucky, so lucky  
I just hit the lotto baby, oh baby, oh baby  
To the girl that [?]  
So lucky, so lucky  
Can't believe what I just found, I just found  
It's so hard, I could be a statistic, statistic  
Another victim to the numbers in the phone  
That's alright 'cos you and I remind me of the number eleven  
1 on 1 when we're all alone  
Then you came along and you changed the game on me  
Don't mind if I blow a ticket, 'cos I hit the lottery  
1, 4, 3 are the only numbers I see, yeah  
That means that I fell in love  
My homies kept telling me, telling me  
I'm so lucky, Lucky  
So lucky, so lucky  
Can't believe that I just found, just found  
I just found the one, I'm so lucky, lucky  
So lucky, so lucky  
You can tell them other girls, other girls  
That I'm so lucky, so lucky  
I just hit the lotto baby, oh baby, oh baby  
To the girl that [?]  
So lucky, so lucky  
Can't believe what I just found  
So lucky, so lucky  
Oh no, you know

There's a whole lotta those out there, hell yeah  
Oh baby don't you have no fear,  
none of them are coming close to ya'  
You know, I know  
Loving you is a golden key  
I feel like I'm the only one, everytime you some  
i feel so  
Lucky, lucky  
Can't believe that I just found, I just found the one  
I'm so lucky, lucky  
You can tell them other girls, other girls, I'm done  
That I'm so lucky, so lucky  
I just hit the lotto baby, oh baby, oh baby  
To the girl that [?]  
So lucky, so lucky  
Can't believe what I just found  
So lucky, lucky  
lucky, lucky  
Can't believe what I just found, i just found the one  
lucky, so lucky, I'm so lucky baby  
You can tell them other girls, other girls, I'm done  
I'm so lucky, so lucky, I'm so lucky baby  
I just hit the lotto baby, much better than money  
To the girl that [?]  
I'm so lucky, lucky  
Can't believe what I just found  
So lucky now
