

Governor

Avail

Quickly formed and raised
For keeping more contained
You shut it, you lock it
Three strikes, petty crime
Out of sight, out of mind
Repossess, relocate
There's more than one way
So don't talk to me
About all your gonna do
And who you represent
And how you'll see it thru
I'm not buying who you're selling
You're selling you
And it just doesn't seem right
You've done nothing
But caused harm
And you want
Praise
And i'm not gonna take it easy
